

Join the name to the note

Join the note to the number of counts it is worth

Crotchet  1 count

Minim  2 counts

Semibreve  ½ count

Quaver  4 counts

Dotted Minim  3 counts

If there are two quavers together  you should join their tails together like this 

Try these musical sums

$$\begin{array}{r} \text{Crotchet} + \text{Crotchet} = \\ _ + _ = _ \end{array}$$

$$\begin{array}{r} \text{Crotchet} + \text{Crotchet} + \text{Crotchet} = \\ _ + _ = _ \end{array}$$

$$\begin{array}{r} \text{Crotchet} + \text{Crotchet} + \text{Crotchet} = \\ _ + _ + _ = _ \end{array}$$

$$\begin{array}{r} \text{Crotchet} + \text{Crotchet} + \text{Crotchet} + \text{Crotchet} = \\ _ + _ + _ + _ = _ \end{array}$$

$$\begin{array}{r} \text{Crotchet} + \text{Dotted Crotchet} + \text{Crotchet} = \\ _ + _ + _ = _ \end{array}$$

Watch out here!

$$\begin{array}{r} \text{Crotchet} + \text{Crotchet} - \text{Crotchet} + \text{Crotchet} = \\ (_ + _) - (_ + _) = _ \end{array}$$
